VOLUME CIX.--NO. 91. ALEXANDRIA, VA., THURSDAY EVENING, APRIL 16, 1908 PRICE 2 CENTS

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

STRIKE DECLARED OFF.

The building strike in the District of Columbia was broken last night by the Washington Bricklayers' Union, and that organization threatened to withdraw from the international union.

The members unanimously voted to return to work under the old conditions. A committee of five was appointed to call on the bosses today and ask that the men who struck eight months ago, in sympathy with the plumbers, be taken back and allowed to work.

The meeting was one of the stormiest ever held in the District, and at one time threatened to break into a riot. Members who have stood by the union for twenty-five years threatened to desert unless the strike was called off. They said other unions in the city have been permitting their members to work with nonunion men.

Two weeks ago President Bowen, of the International Union of Bricklayers and Masons went to Washington and practically took the strike out of the hands of the local union and ran matters to suit himself, according to the members of the Washington unions. He left the city about ten days ago, but left two representatives to look after the situation. These representatives were present at last night's meeting and prayed that the strike be continued, but the members of the local union rose with one accord, and declared that if the international union did not withdraw from the affair, they would withdraw from the international body.

The two representatives, Mr. Fox and Mr. Brady, made a hasty exit.

During the strike, the Washington union appropriated $11,000 for the care of members who were out of work, and it was openly declared that less than $4,000 can be accounted for.

At the international convention held in Detroit about two months ago $25,000 was appropriated for the work of the Washington union, but as far as the members could ascertain, it was said, none of it had reached the union.

It was said the bricklayers practically held the key to the strike situation, and with the returning of the key to the bosses, the strike is practically at an end and that all the building trades unions would return to work.

At the close of the meeting the two representatives of the international union requested that the Washington union send a statement to the parent body stating just what had taken place at the meeting, and requesting that they, Messrs. Fox and Brady, be taken from the field and the Washington organization be permitted to settle the strike as they saw fit.

This was done, it was said, through fear of the local union withdrawing from the international body.

WAR WITH MOSQUITO INDIANS.

A report that about sixty whites and Indians have been killed in Nicaragua in bush warfare waged by Mosquito Indians reached New Orleans yesterday. The death list of whites numbers about twenty. The fighting started over a month ago on the Caribbean coast, where the Indians live. Late in February the Indians attacked Prinzapolca Bar, a small town. They hid behind bushes, pouring into the village a fire which killed two men. A long, hard fight resulted, soldiers and citizen volunteers finally driving the attackers back, about a dozen of the Indians being killed or mortally wounded.

The other Indians fled, but many of them were captured, and after being severly beaten with rawhides, balls and chain were placed about their legs and they were imprisoned in an improvised stockade.

Another engagement took place at Cape Gracis, near the border of Nicaraguss and Spanish Honduras. Here the casualties among the troops were five, but the Mosquitoes were no more successful than before and fled to the mountains.

Since then troops have been sent into the Mosquito district and several skirmishes have occurred. It is reported that treachery and cunning have been used on both sides. Wherever a party of white men get a chance they generally kill the Indians without mercy, and the Indians slain several soldiers whom they caught in the forests.

Southern Railway Spring and Summer Schedule.

Southern Railway inaugurates its spring and summer schedules today, April 13th, throughout its entire system. It has been found necessary, for economic reasons, to curtail train service in some instances. Nos. 9 and 10, local trains between Washington, Alexandria and Danville, Va., and Nos 33 and 34, through trains between Washington, Alexandria and Augusta, Ga., are discontinued and the schedules of other trains readjusted and the sleeping car lines augmented to fully meet the requirements of the traveling public. The facilities, however, for reaching the various summer resorts and commercial centers of the Southern States, including western North Carolina, Gulf Coast and Texas points and New Orleans, have not been abridged.

Train No. 35, for Atlanta and New Orleans, passing Alexandria on new schedule, 8.32 a. m., and doing local work from Manassas to Danville, will stop at Alexandria to take on and leave passengers.

The schedules on the Bluemont Branch, points along which are liberally patronized by our Alexandria people, will be adjusted later in the season.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

THURSDAY EVENING, APR. 16, 1908.

THE president's demand for four battleships was refused by the House yesterday afternoon by a vote of 190 to 88. Mr. Tawney's amendment for one battleship instead of the two provided for in the naval appropriation bill was defeated by a vote of 205 to 65. Mr. Hobson's proposition for three battleships, made after his amendment for four had been defeated, was likewise rejected by a vote of 208 to 64. Then the committee provision for two battleships prevailed. There will probably be no change made by the Senate. In spite of the earnest message which the president sent to Congress on Tuesday contrary to the advise of the House leaders; in spite of an address made by Bourke Cockran and a persistent fight by Captain Hobson; in spite of a speech by Mr. Talbott and the missionary work of Messrs. Mudd and Gill; in spite even of the activity of Mr. Longworth, the son-in-law of the president, it was evident within an hour after the delegates began yesterday on the battleship question that the president would be defeated. The magnitude of their victory over the president amazed the House leaders. They believed that they would win their fight by a majority of perhaps 30, but did not expect such a majority. Their first surprise came when only 79 members stood up in favor of Captain Hobson's amendment for four ships. Then when the House rose like a vast covery in opposition and Mr. Mann, who was in the chair, counted 190 members as opposed to four battleships they were at least as surprised as the president's friends were disappointed. Speaker Cannon and Chairman Tawney, with other floor leaders, were watching the House in a little group near the speakers chair, and their delight was unconcealed. The overwhelming vote by which the House leaders were supported showed that they had complete control, and that the report that Mr. Roosevelt would veto the public buildings bill, which is to be passed, if his demand for four battleships was refused, need now cause no apprehension. During the debate Mr. Willett, of New York, asserted that a few days ago "the president said to a committee from this House who called on him at the White House—said it in the presence of other people with his customary vehemence and facial distortions—that 'unless you give me four battleships I will veto your public buildings bill.' This proved to be a most "injudicious remark" on the part of the president and naturally provoked considerable resentment.

ALTHOUGH it was announced several years ago that the Filipinos had been subjugated and a peace jubilee was celebrated in honor of the announcement, yet fighting continues in the Philippines and will likely continue indefinitely. This country could get a few pointers by making inquirendos of Spain as to how long the Filipinos remain subjugated. They fought the Spaniards for four hundred years and in a fight yesterday killed several United States soldiers.

BEGINNING with May 1, for the first time, the socialist party will have a daily newspaper of its own in New York city, financed and controlled by the party members. Socialism is now receiving much attention from political leaders and candidates of all parties who will live to rue the day they ever truckled to this ism which is but one step removed from anarchism.

THE Virginia Oysters Packers and Planters' Association, aimed to create a larger demand for Virginia oysters and to show to the country at large that Virginia can supply oysters as good as are to be found in the world, was organized in Norfolk yesterday. This latter effort is a work of supererrogation for it is admitted by epicures that the Virginia oysters cannot be surpassed.

PRESIDENT ROOSEVELT has ordered the Department of Justice to be lenient to the railroads in enforcing the "commodity clause" of the railroad rate bill, which goes into effect on May 1. This will allow the coal trust to still own railroads and coal mines and continue to charge exorbitant prices.

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, D. C., April 16.

Charging that the members of the Currency Commission, of the American Bankers Association, who are in Washington to oppose the Aldrich bill have been "brought" by a compromise to support it, Alfred O. Crozier, financial student and inventor of Wilmington, Del., created a sensation before the House committee on banking and currency today. "Nineteen years ago the price was thirty pieces of silver" he shouted. "Now it is one per cent. This sale of loudly advertised virtue and principle, if consummated, will be alike discreditable to the great banking interests and to the political agents of Wall street who brought them for one per cent. If they were public officials, it would be called bribery. Wall street seems to have known its quarry, and how to get it to support the pet measure of that paradise of gamblers—a law that will give Wall street power to cause panics any day at will, and therewith terrorize and plunder with usurious interest rates and suddenly wrecked prices and credit every business in the United States." Crozier charging that the bankers waited until they supposed the public hearings before the committee had been concluded—"until their business allies, their borrowers had departed for their homes, before they entered into the deal." "Then these distinguished financiers promptly form a secret conspiracy with the common enemy." he said.

The seventeenth annual congress of the Daughters of the American Revolution which will convene here Monday morning, promises to attract the largest attendance in the history of the organization notwithstanding the fact that this is not the year for election of officers. Mrs. Donald McLean, president general, is in Washington, and already the vanguard of the congress is arriving. In addition to the regular sessions of the congress, the week will be replete with social activities, beginning with a grand reception to all delegates by the national officers at the New Willard, Monday night.

Commenting today on the published report that he intends to resign from the Cabinet immediately after adjournment of Congress, Secretary of War Taft said: "My resignation immediately after adjournment is news to me It is flattering, however, to know that so many kindly intentioned persons are taking such a vital interest in my affairs."

The president had a conference this afternoon at the White House with the members of the currency committee of the American Bankers Association.

Favorable report was ordered today by the senate committee on postoffices and postroads on the postal savings bank bill, the name being changed to "postal savings depository," and a few minor changes of text being made. The measure embodies practically the views of Postmaster General Meyer, Only one member of the committee, Taliaferro, opposed the bill,

It is reported that President Roosevelt will become the head of a great university which will be founded in the national capital by Andrew Carnegie, after the expiration of his presidential term.

An invitation from Great Britain extended through Ambassador Bryce, for one or more warships to be sent to Quebec to represent the United States at the ter-centenary of the foundiny of the Citadel on the Plains of Abraham, July 22, next has been accepted.

When the hearings on the Hepburn bill to amend the Sherman anti-trust act were resumed today before the House committee on judiciary, Seth Low, representing the civic federation, read to the committee a letter he had received from Andrew Carnegie supporting and criticizing the bill.

President Roosevelt's five foremost private citizens have accepted his invitation to the hospitality of the White House next month. The list is composed of Grover Cleveland, William Jennings Bryan Andrew Carnegie, James J. Hill and John Mitchell.

HOUSE.

An effort was made in the House today to require that the two proposed battleships be constructed by eight hour labor. An amendment to the naval appropriation bill to this effect was introduced by Mr. Hughes. It was ruled out on a point of order. An appeal from the decision of the chair was taken by the democrats, but on a party vote, the chair was sustained.

With a stubborn parliamentary skirmish, the fight on the appropriation for the purchase of eight submarines began today.

On a point of order, the entire submarine appropriation was temporarily stricken from the bill.

CONGRESSIONAL.

In the Senate yesterday a bill authorizing the proceeds of the sales from public lands to be used in the reclamation of swamp and overflowed lands was made the unfinished business.

Senator Borah gave notice that on Monday next he would speak on the Brownsville affray. Senator Warner will speak on the same subject Tuesday of next week.

Bills to define and suppress vagrancy in the District and to regulate private hospitals and asylums in the District were passed without opposition.

The Senate, adjourned, to meet again tomorrow.

Further consideration of the naval appropriation bill occupied the time of the House. During the debate Mr. John Sharp Williams said the president might be commander-in-chief of the army and navy, but he is not commander-in-chief of Congress.

The four battleship programme of the administration was defeated by the decisive vote of 190 to 88.

The submarine feature of the naval bill will be reached today, and the effort will be made to pass the bill before adjournment.

New York Stock Market.

New York, April 16, 11 a. m.—The market was generally strong during the first hour and at the end of that period prices of nearly everything traded in had made some advance. The only two important issues in which there was any fair amount of trading were Union Pacific and Steel Common. The market developed increased strength after the first hour with heavy dealings noted in many of the speculative bond issues.

Rebellion in Korea.

Shanghai, April 16.—Native rebels control most of the southeastern Korean interior, according to private advices from Seoul and Tokio.

Most of the Japanese settlers have been driven from the district and those who remain are in the greatest danger. Several colonists are reported to have been completely wipe out.

Even the coast towns, where the Mikado's subjects are the strongest, are in danger. There have also been attacks on stations along the line of the railroad from Seoul to Fu-San.

The Korean fighting men behave with oriental ferocity and horrible stories are told of the fate of Japanese who have fallen into their hands. Those to whom sufficient time is allowed invariably prefer suicide to capture. There are rumors of massacres in which even women and children have not been spared.

Japan is hurrying reinforcements to the scene of the troubles.

News of the Day.

Judge Jenkins, chairman of the House judiciary committee, decides that the bill for the Appalachian forest reserve is unconstitional.

The bursting of the Missouri river dam 15 miles below Helena caused a great body of water to rush down the river, destroying two villages and washing away much live stock.

Daniel H. Pearson, of Brownsville Pa., was arraigned in the Tombs Police Court in New York yesterday, charged with the embezzlement of about $13,000 from the Moorehead Coal Company of Brownsville.

King Edward of England left Biarritz, France, for London via Paris, today. He is expected to reach home tomorrow night. Saturday the Asquith cabinet will be called together for its first meeting with his majesty.

In a battle between a posse of police and several highwaymen at Portland, Ore., early today one officer and one bandit were shot. There had been several hold ups in the evening and policemen were sent to make the arrests. An open battle followed.

The large general manufacturing establishment of Whitman Barnes & Co., the biggest in the town of St. Charines, Ont., was completely destroyed by fire today entailing a loss of $225,000. The concern has branches in Chicago, Canton, O., and Pittsburg.

Ferdinand Schumacher, 68 years old, founder of the oatmeal industry of America, died at Akron, Ohio, today of old age. Born in Germany he came to Euclid, Ohio, as a farmer in 1859. Ten years later he began the manufacture of America's first oatmeal in Akron. He became a millionaire and gained the title of "Oatmeal King."

Twenty-three is the number of night riders arrested up to and including today at Murry, Ky. Nine were brought in yesterday. Most of them are boys from 18 to 20 years old, though one, Thomas McQuiston, a noted character in the country is 65 years old. Three alleged captains of squads have been arrested.

The worst fire in the history of White Plains, N. Y. occurred today when the magnificent new flat building of Brandes Bros., of New York, was practically destroyed. The building was valued at more than $50,000 and the loss will be total.

Dr. Alexandrer B. McDowell, a surgeon, said to be a son of the late Maj. Gen. Irvin McDowell, commited suicide yesterday afternoon by slashing his throat with a razor at his home in New York. Dr. McDowell, at the time of his death, had in his hand a photograph of his wife, who died five years ago at the time of the birth of his son, Alexander McDowell jr.

The street car strike situation in Chester Pa., remained about the same last night. But one car was run by the traction officials yesterday and it was stoned by the strike sympathizers. The car was run under police protection to determine the attitude of the strikers and their followers. When the city officials found that the strikers would make trouble if cars were operated, they refused to give any further protection or sanction the running of the cars. The traction officials then declared they would operate the cars today, protecting them and their employes with their own men.

KILLED DAUGHTER AND HIMSELF.

Enraged at his sixteen-year-old daughter Nellie, because she continued to receive attentions from young men to whom he objected, Dr. C. O. Swinney, who recently went to Asheville, N. C., from New York, fired two shots at her at the Normal and Collegiate Institute at Asheville yesterday, fatally wounding her. He then placed the muzzle of the pistol in his mouth and pulled the trigger, dying almost instantly. Seriously wounded as she was, with two bullets in her head, Miss Swinney ran from the room and upstairs to the principal's room before she fell. The tragedy occurred in the reception room of the institute, the largest woman's college in the State, where Miss Swinney had been a pupil for the past session.

Dr. Swinney, who up to a few years ago had been a prominent physician in New York city, has for some time past been in ill health, and of late, it is said, his mind has been unbalanced.

In addition to his objection to attention paid to Miss Swinney by young men, Dr. Swinney had worried over a schoolgirl prank of his daughter. Recently she was one of a number of the schoolgirls who, as an April fool joke, absented themselves from school, and the father brooded over the escapade.

POLITICAL.

State Senator McCarren, leader of the Kings county democracy, was unseated last night as a delegate to the party's State convention in Carnegie Hall, in New York, to select representatives in the Denver national convention, after a two days' bitter contest before the committee on credentials. The convention named an uninstructed delegation to Denver and adopted a platform calling upon the democrats of other States to do likewise.

The delegates at large named are: Charles F. Murphy, of New York; Alton B. Parker, of Ulster; Lewis Nixon, of Richmond; Charles Froeb, of Kings; Alternates at large named: W. B. Kirk, of Onondaga; Francis Burton Harrison, of New York; George H. Thatcher, of Albany; James Schwartzenback, of Steuben.

The Michigan democratic State central committee at a meeting in Lansing, yesterday was almost evenly divided upon the question of indorsing the candidacy of William J. Bryan or president. The vote in the committee stood eleven in favor of an indorsement and twelve against indorsement, the matter being referred to the State convention, to be held May 20.

Virginia News.

Ashby Rhodes, colored, under arrest at Staunton, has confessed that he shot and killed Walter Miller last night. He declares he acted in self-defense.

Donald Allen, one of Staunton's most prominent men, died there Tuesday night, aged sixty years. He was a civil engineer by profession, and was educated at Washington and Lee University. He was in the civil war, although quite young.

An investigation of the closed Bank of Mecklenburg by the board of directors shows a big shortage. E. W. Overby, cashier, has been arrested upon his confession that he had allowed B. E. Cogbill, head of the East Coast Lumber Company, which is now in bankruptcy, to overdraw his account without the knowledge of the president or directors for over $100,000. It is generally thought that the depositors will receive between 50 and 75 cents on the dollar. Overby has been released on $5,000 bail bonds.

Today's Telegraphic News.

New York Democrats.

New York, April 16.—The fight of Chairman Conners, of the democratic state committee, and Leader Murphy, of Tammany, to drive Senator Patrick McCarren out of the party will probably have to be fought all over again at the Denver convention.

McCarren today reasserted his determination to the struggle to Denver. From present indications a three-cornered fight will be presented at Denver. The Bryan supporters, angry at their treatment in the convention, are reported today to be considering the advisability of calling their own convention to send a delegation to contest the seats of the delegates-at-large chosen yesterday. Harry W. Walker, recognized as the leader of the Bryan forces in New York, declared today that such a course would be taken.

That the Brooklyn leader will carry the fight into New York and attempt to disrupt Tammany, in revenge for the treatment accorded him yesterday, is not doubted by those who know him best.

Up-state delegations which protested against the change in the custom of electing the state committee and turned the convention into a riot when they were refused a chance to object, are still threatening retaliation. Under the new rule the state convention hereafter will name members of the state committee.

After this resolution was put through half a dozen a changes of committeemen were made. Changes were made in the 27th, 36th 40th, 50th and 51st senatorial districts. Conrad Hasenflug is the only McCarren man who remains on the committee. There were ominous rumors today that the action of the convention will not be allowed to stand. Talk of securing injunctions to prevent substituted men from serving was heard. There were also rumors that when the next convention meets in September to make nominations a fight will be made to have the rule rescinded.

Contract Agreed Upon.

Toledo, O., April 16.—The ninety cent wage scale and the two years contract having been agreed upon between the coal miners and operators, the subcommittee composed of two miners and two operators from each state is now working out details of the agreement. A number of the demands made by either side have been surrendered. Minor local differences will be left for settlement to the respective districts. One of the most important things that will be recommended by the sub committee to the joint convention is a joint resolution signed by representatives of the operators and miners condemning any action on the part of either operators or miners which may result in the suspension of work. It is certain that the joint conference will ratify the agreement tomorrow and adjourn. Resumption of work in the mines of western Pennsylvania, Ohio and Indiana will likely occur next Monday.

More Rioting in Chester.

Chester, Pa., April 16.—Serious rioting marked the attempt of the Street Railway Company to operate its cars in the early hours today with strike breakers imported from New York. A score of fights followed the appearance of the cars on the street, as a result of which one strike breaker and a special officer employed by the street railway are very badly wounded in the local hospital. Ten others, who were also beaten and clubbed, have been taken to hospitals to have their injuries dressed.

The police have been ordered to quell the disturbance at any cost, and if they fail the troops will be called out.

New Labor Party.

Cleveland, O., April 16.—Active work for the organization of a new labor party was begun today by the "committee of seven" in whose hands the new movement was placed locally last night by the United Trades and Labor Council, the central labor body of Cleveland. When the vote of the federated unions was canvassed forty-three locals voted in favor of the movement and only nine against. Most of the unions which voted no have a strong socialist membership which favors the merging of the new movement in the socialist party. Besides holding itself in readiness to affiliate with any national organization which may be formed, the new Cleveland labor party will conduct an active campaign for the election of county and State candidates who are pledged to union labor The official name of the new party has not been decided.

SPLIT, BRITTLE, DULL HAIR.

All Come From Dandruff, which is Caused by a Germ.

Split hair, hard hair, lustrous hair, brittle hair, falling hair, all owe their origin to dandruff, which is caused by a greasy little microbe that burrows into the scalp, throwing up the cuticle into dandruff scales and sapping the vitality of the hair at the root, causing the several diseased conditions of the hair till it finally falls out. Modern science has discovered a remedy to destroy the dandruff microbe, which is combined in Newbro's Herpicide, the delightful hair dressing. Allays itching instantly and makes hair soft as silk. Take no substitute; nothing "just as good."

Sold by Ernest L. Allen & Co., agents. Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 142

Mr. Bryan Wants Harmony.

Chicago, April 16.—William Jennings Bryan spent forty minutes in Chicago on his way to fill a speaking date in Michigan, and as a result of his brief stay the simon pure Bryanites who have been planning to select contesting delegates to the State convention on Saturday night are thrown into confusion. Mr. Bryan approved of "harmony, not discord." That was the message that was left with the malcontents. It became known today that the scheme to hold contesting ward primaries and to elect contesting delegates to the national convention was entirely without Mr. Bryan's approval. Carter H. Harrison and his colleagues, who are instigators of the revolt idea, have issued a statement that the meetings will be held Saturday, as announced.

Generals Resign.

St. Petersburg, April 16.—The resignations of Generals Fock, Smirnoff and Reis from the Russian army were announced today. All are pensioned. The three generals were prominent at the defense of Port Arthur and were tried with Stoessel who is serving a ten years' term in prison for surrendering before absolutely necessary. Smirnoff furnished the charges of which the others were tried and was himself brought before the same court martial for failure to do something about it while the siege was in progress. Fock afterward shot and seriously injured him in a duel.

The Amende Honorable?

Carlisle, Pa., April 16.—As a means of reimbursing the Merchants National Bank from which he is accused of stealing $45,000, John V. Harris, former cashier, wants to commit suicide so that the bank can recover his insurance. Harris holds several large policies which he thinks will cover his alleged shortage. Harris made his offer to president of the bank who declined his sacrifice and convinced the former teller such an act on his part would be cowardly. After hearing Harris' confession bank officials said his peculations have been going on for several years.

The Fleet.

San Diego, Cal., April 16.—Not yet tired of welcoming the sailors and marines of the American fleet thousands of citizens and visitors were early at Coronado Beach to witness the debarkation of the thousands of sailors who were given shore leave for today.

The principal events of today will be the regatta, in which crews from the warships will participate, and the field sports. In the afternoon the crews will witness a baseball game and other field sports. Tonight the feature will be a grand fire works display.

Flood Subsiding.

Helena, Mont., April 16.—It is believed today that the worst of the flood is over at Great Falls and that the big Boston and Montana smelter is safe. Relief was afforded by the dynamiting of the Black Eagle dam in the Missouri river yesterday. The loss from the flood is estimated from $500,000 to $1,000,000. The dam will be repaired as soon as the flood recedes. The greatest damage was done by the flood at Craig, forty miles from Helena, where many buildings were destroyed.

Twenty Persons Drowned.

Stockholm, April 16.—Gottenburg harbor is being dragged for the twenty missing passengers from the river steamboat Gota Elf which turned turtle under an overloaded cargo. It is certain all perished. The twenty passengers who escaped and all members of the crew have been summoned as witnesses at an investigation of the disaster.

Suspension.

New York, April 16.—Crutchfield and Company, one of the best known cotton houses in this city, with connections throughout the south, and with main office at 43 Exchange place, suspended today. The market was not affected inasmuch as it was announced on behalf of the firm that it had recently liquidated most of its holdings.

DANVILLE GONE DRY.

Following one of the most hotly contested campaigns ever in that city, Danville voted yesterday by a majority of forty-five to abolish the licensed liquor traffic. A total vote of 927 was cast, the largest ever polled in the history of the city. The section of the city formerly known as North Danville was already dry, and had no voice in the election. The prohibition movement was backed by every minister in the city, and nothing was left undone. Noted temperance advocates have spoken in Danville, and Tuesday there was a big parade of the women and children through the principal streets. A petition gotten up by the anti-saloon league, calling upon the men to vote against the saloons, was signed by 2,300 women. The election yesterday puts out of business on May 1 eighteen saloons and two breweries. Danville has had three local option elections during the past six years. In 1903 the city was voted dry, but after a reign of two years of local option again voted wet in 1905.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

EUREKA!

Yes, I Have Found It at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. SCHOOL BOARD.

A called meeting of the City School Board was held last night with ten of the twelve members present. Captain Bryant presided and stated that the meeting had been called at the request of the special committee authorized to receive bids for the purchase of Peabody building.

Dr. Smith stated that the committee had advertised for bids for the purchase of the property and had received but one, and that from Messrs. Doniphan and Morrill for $13,000. He said the idea of the committee was for the board to decide as to the sale of the building before purchasing a lot; several sites could be secured but the committee thought the property on Prince street, between Patrick and Henry, the most desirable.

Capt. Bryant stated that Peabody building had been purchased by the School Board in 1874 at a cost of $14,000.

Mr. Carter said he had favored all along the sale of the property at public auction and wanted this done at once; he believed that more than the amount of the bid offered could be secured by a public sale.

Mr. Yates thought the property was worth more now than it cost thirty-four years ago and favored Mr. Carter's plan of a sale at auction at once.

A long discussion then followed as to how the children would be housed—if the building was sold now—till a new building could be erected, and it was suggested that during the interim possession of the building might be retained till the new building was finished and that the schools removed from the third story of Peabody be brought back and a watchman be employed to stay in the building during school hours to guard against accident.

Without reaching a definite conclusion the matter was left in the hands of the special committee to ascertain the best terms that could be secured for the sale of Peabody building; the best terms at which a suitable site for a new building could be secured; if the purchasers would defer taking possession of the old building till a new one could be erected and to ask Council to provide means for the erection of a suitable building.

The meeting then adjourned.

MORE PAY FOR SOLDIERS.

As stated in yesterday's Gazette Capt. R. H. Atkinson, former commander of the Alexandria Light Infantry, has received a letter from Messrs. Cutchins & Cutchins, attorneys, of Richmond, telling him that they have succeeded in recovering ration pay for the Virginia volunteers for the days they were in the State service between the 28th day of April, 1898, and the time the State or the United States began to subsist the companies, less such sums as have been paid by the State or the United States to the captains of the several companies. The following is a list of the men who are entitled to money under this distribution none of were are officers:

CHARGED WITH BIGAMY.

Mrs. Rose Tyler, wife of George Tyler, of Woodburn, D. C., who deserted her husband and seven children about a year ago, and who eight months ago married James Hudson, in this city, with whom she lived until a day to two ago, when her whereabouts were discovered by her husband, who swore out a warrant for her arrest, is still in jail in Rockville, Md. Hudson states he first met Mrs. Tyler about two years ago while he was a soldier stationed at Fort Myer, Va., and while she was employed at the Shoreham Hotel in Washington. They frequently met by appointment in Lafayette Park, he said, and corresponded frequently. They finally decided to get married, and two days after his discharge from the army last August the ceremony was performed in Alexandria. Hudson gave his age as twenty-five and said Mrs. Tyler was about forty. Mrs. Tyler admits she did wrong in marrying Hudson, but says she was driven from her home by the cruelty of her husband. She declared she never knew what happiness was until she met the young soldier, who, she declared, treated her with the utmost kindness and consideration. As was stated yesterday, Tyler has sworn out a warrant against his wife charging her with bigamy, and Commonwealth Attorney Brent has applied to Gov. Swanson for a requisition in order that the woman may be brought here and made to face the charge against her.

MEETING OF COMMITTEE.

The last meeting of the city democratic committee previous to the primary election, which occurs April 22, was held last night at the Opera House Cafe when the candidates in the wards where there is opposition were to appear and pay their pro rata toward the expenses incident to the primary. The contest for Council is confined to the Second ward, where Messrs. Howard W. Smith, R. D. Brumbach and Carroll May are the candidates—two to be chosen—and Mr. Harry White is opposing Mr. Ballenger for the Board of Aldermen. Mr. O'Mears failed to appear and the present members of Council from the Fourth ward were declared the nominees. The usual ruling, that all known democrats and all white men who would support the nominees be allowed to vote, was adopted.

The regular judges of the democratic party were designated to act on the occasion in the Second ward.

Mr. O'Mears, in a letter to the committee, declined to be a candidate and said his business interests would not permit a canvass of the voters.

The primary will begin at noon next Tuesday and the polls will close at 7 o'clock that evening.

POLICE COMMISSIONERS.

Upon invitation, Councilman Spinks appeared before the Board of Police Commissioners at the regular meeting last night where he again reiterated his charge that the police department was a chaotic mass—especially in regard to enforcing building regulations. He further said that as far as other police duty was concerned the force, in his mind, was admirably conducted. During the evening the matter was brought up as to the right of assistant to the Chief Engineer carrying concealed weapons, wearing an officer's badge and doing police duty and it was positively agreed that outside of the captain of the chain gang and three special officers no one was permitted to go armed, and if caught with concealed weapons on their persons could be arrested and fined. Outside of this the meeting was only for the transaction of routine business.

HOT CROSS BUNS.

They're for Good Friday.

One should have them for breakfast.

In England the day is greeted with the cry, "Hot cross buns!"

They are small, brown sugary buns, each marked with a cross.

Bread baked on Friday has for centuries been of superstitious interest.

Roman ancient sculpture in the Museo Borbonico has a representation of the miracle of the five barley loaves, each loaf showing a cross.

In Egypt the cakes were horned to resemble the sacred heifer, and thence called "bous," which by learned reasoning is tortured in bun.

It is true that the older English people lose their enthusiasm for hot cross buns, though Good Friday brings the familiar cry:

"One a penny, buns,
Two a penny, buns,
One a penny, two a penny,
Hot cross buns."

THE PASSOVER.

Services in connection with the Feast of the Passover were held in the Jewish Synagogue, on north Washington street, last night. The custom of celebrating the feast of Passover extends back 3,500 years. The services are commemorative of the exodus from Egypt, when the people in their hasty departure had no time to leaven the dough already in their troughs. Throughout the Jewish world, matzoths, the modern form of the unleavened bread of the Holy Writ, will be eaten during the celebration. This bread is made of flour and water without a partical of yeast, and in many cases its manufacture is accompanied with rites and ceremonies. It is eaten in remembrance of the deliverance of the Jews from the land of bondage.

LECTURE.

As heretofore stated, Mrs. Kate Waller Barrett will tonight deliver a lecture in the Young People's building on south Washington street. Mrs. Barrett will take for her subject, "Are Our Schools Safe, or the Relations to the Home to the School." There are few questions nearer the heart of the public than the public school. Every where men and women are holding conference and studying the problem that confronts the schools of the country. Besides Mrs. Barrett there will be other speakers. The school trustees and the teachers of the schools of Alexandria have been invited to be present. A collection will be taken for the moral training of the children of Alexandria.

BOARD OF FIRE WARDENS.

A meeting of the Board of Fire Wardens was held last night. The resignation of Mr. Ernest Warder as driver of the Reliance fire engine was accepted, to take effect May 1 next. It was determined to hold a meeting of the Fire Wardens on the 24th instant for the purpose of selecting a driver to fill Mr. Warder's place, and all applicants for the position will be required to make application in person. The Wardens discussed the bursting of the hose of the Columbia fire engine Sunday morning last, and all concurred in the opinion that the cause of the accident was due to some one maliciously placing sulphuric acid on the hose.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Sutherland, charged with disorderly conduct, forfeited his collateral by failing to appear.

William Smith, also charged with disorderly conduct, was fined $5.

Carrie Evans, colored, charged with destroying property, had her case continued.

STRICKEN WITH PARALYSIS.

Mr. O. H. Tubman, employed as a messenger by the firm of Charles King & Son, was stricken with paralysis on the left side while in the postoffice late yesterday afternoon. Mr. Tubman was taken to the Alexandria Hospital, where it is said he is in a precarious condition. Mr. Tubman is about seventy years of age. During the civil war he was a member of Kemper's Battery.

WOMAN'S AUXILIARY.

The Woman's Auxiliary to R. E. Lee Camp met in Confederate Veterans' Building last night and perfected plans for the "sale" and musical entertainment to be held in the building on April the 23rd. The sale, which will consist of fancy articles, home-make cakes and caramels, will be opened at one o'clock, and at which there will be no admission fee. It will be followed by the musical entertainment at 8 o'clock in the evening. Many beautiful articles have been contributed to the sale and it is kindly requested of those who have promised such to send them to the president, Mrs. E. H. O'Brien, 807 Cameron street. The proceeds of this affair will be devoted to the painting of the building.

RIVER NOTES.

A small sloop, having in tow a lighter, ran the latter on a sunken pile opposite the outlet lock of the old Alexandria Canal about 3 o'clock this morning and upset it. A man who was in the lighter was thrown overboard and rescued with difficulty.

The schooner Norwalk, loaded with lumber by H. K. Field & Co., has sailed for Pamunky.

Dioxide & Magnesia Co. vs. James McCuen; jury and verdict for defendant.

TO REORGANIZE COMPANY.

It is said that a plan is crystalizing for the reorganization of the Washington and Potomac Steamboat Company familiarly known as the Randall lines. The plan, so far as known, contemplates the passing of the control of the company into the hands of New York capitalists, who will continue to operate the lines, probably with larger capital and better facilities. Capt. E. S. Randall is seriously ill at his home in Washington.

DEATHS.

Mrs. Lucy C. Wright, widow of Lee Wright, died at her home, 1115 Duke street, last night. Her death was caused by heart trouble. The deceased was 50 years old. She was born in Strasburg, and was a daughter of Samuel and Mary Bell.

Mrs. Esther Westerfield, wife of Mr. Lamar Westerfield, died at her home, 228 north Columbus street, last night. The deceased was 43 years old. She was born in this city, and was a daughter of Wm. H. and Mary A. Muir.

LOCAL BREVITIES.

The weather became clear and cold again last night. A brisk and cold northwest wind has prevailed today with a clear sky.

According to Comptroller Plant, of the Southern Railway, the earnings for the first week in April show a loss of $139,356 over the corresponding week of last year.

Coach C. W. Hilcox, who has been engaged by the Old Dominion Boat Club, in this city has taken up the work of organizing the crews of the club, and putting them in practice. The Old Dominion Club will probably hold a regatta on the river on May 30.

To perfect the organization, Moderator Allison appointed the following committee: Rev. T. E. Davis, Rev. George Robinson, Rev. George M. Cummings, Elder L. C. Williamson and Elder O. O. Spicer.

Today is Holy Thursday and was celebrated with solemn services in the Catholic and Episcopal churches. As the day preceding Good Friday, commemorative of the crucifixion of Christ, sorrow was the predominating note of the services.

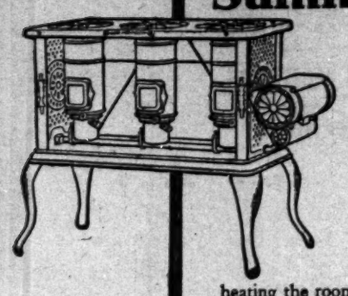
Have You a Summer Stove?



The stifling air of a close kitchen is changed to comfortable coolness by installing a New Perfection Wick Blue Flame Oil Cook-Stove to do the family cooking.

No kitchen furnishing is so convenient as this stove. Gives a working heat at once, and maintains it until turned out—that too, without overheating the room. If you examine the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

you will see why this is so. The heat from the chimney of the "New Perfection" is *concentrated* under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

The **Rayo Lamp** is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity. Safe everywhere and always. Made of brass finely nickel plated—just the thing for the living-room. If not with your dealer, write our nearest agency.

WINCHESTER AND DANVILLE GO DRY.

The local option held in Winchester yesterday resulted in an overwhelming victory for the "dry" ticket. The 11 saloons in Winchester were voted out of business by a majority of 104 votes out of a total of 849 polled in the two city wards. Two years ago Winchester voted "wet" by 52. The result was received on the streets last night with a wild demonstration. Bells were rung, horns tooted and cheer after cheer was sent up to proclaim the victory of the "drys." The election throughout the day was characterized by scenes of the greatest excitement. A thousand women and schoolchildren paraded the streets yesterday morning bearing "dry" banners aloft and singing temperance songs, and all day long prayers were offered in the churches for the success of the "dry" ticket. The best of order, however, was maintained during the day by a large force of policemen, and few arrests were made. For weeks past a hotly contested campaign has been waged by both sides, and the result was in doubt until the vote was counted. The fight for the "drys" was backed by the Virginia Anti-saloon League. Eleven saloons paying $5,500 to the town and $4,400 to the State annually will close on May 1.

Cured of Rheumatism.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain balm. You are certain to be pleased with the relief which it affords. For sale by W. F. Creighton and Richard Gibson.
